Burnaby Camping Bureau

Send a Kid to Camp Campaign Package 2008

Send a Kid to Camp Campaign May through July

Thank you for your interest in helping to make summer bright for Burnaby children! Your donation will send Burnaby children from families with low-income to the camp of their choice. At camp, children can enjoy enriching activities in a safe and nurturing environment under the supervision of positive role models. Summer is a busy time of year for all of us and I commend you for choosing to help Burnaby children this season.

Our Send a Kid to Camp Campaign is an opportunity for people in the community to help Burnaby children experience the anticipation and excitement of attending a summer camp. We provide groups and organizations interested in collecting donations with posters, and donor cards.

Outlined below are the steps you should take if you would like to participate in the Send a Kid to Camp Campaign:

Step 1: Assign someone to be the main contact person for your group; ideally the contact person will have access to email.

Step 2: Complete our application form.

Step 3: Fax, mail or drop off a completed application form.

If you decide to participate, I will contact you regarding distribution of the posters, and collection of the donations. This is the first year the Burnaby Camping Bureau has expanded their campaign to groups and organizations in the community. At the end of the campaign we will ask for any feedback and suggestions you can offer to help make the campaign even more successful in the years to come.

Sincerely,

Tracy Charleton
Family Services Coordinator
